DISTRICT NEWS

Burley Bridge Association

The Burley Bridge Association, started by the Ramblers, has been campaigning to build a footbridge over the River Wharfe in Burley in Wharfedale, since 1996, becoming a charity in 2015.

The objective has been to create a safe link between footpaths and bridleways in Bradford District with the beautiful Nidderdale Area of Outstanding Natural Beauty in North Yorkshire. Currently the public right of way over the river is by stepping stones which are covered for many months of the year, and hazardous for people to use at others.

With planning permission recently given by Bradford and Harrogate Councils, fundraising can finally start for construction costs. A new long distance footpath linking Bradford, Shipley and Saltaire with Brimham Rocks, Fountains Abbey and Ripon, called the Yorkshire Heritage Way, will be opened once the bridge is built.

Come and celebrate the start of the fundraising appeal with a night to remember with three top quality bands. See our events page for more details.

People's Powerhouse

A conference opportunity right here in Bradford!

The event aims to provide an opportunity for participants from all sectors across the Northern Powerhouse area to collaborate, debate, network, share and inspire. This year's conference will continue to inspire and lead change in the North. Its mission is to bring people together for meaningful dialogue, sharing and action - be they practitioners, policy makers, and opinion formers, young people, businesses, MPs or community groups.

Where? Valley Parade, Bradford

When? 20th November

Can't make the full event? Why not attend a drop-in session for those interested in making contributions on the 27th September between 11:00 and 15:00 at Unltd.

Click for the [Eventbrite listing](#) and the People's Powerhouse [website](#) for more details.

Draft Bradford District Anti-poverty Strategy

A [draft Bradford District Anti-poverty strategy](#) is out for comments. As there is no longer a separate child poverty strategy, Young Lives are encouraging their members to particularly look at the strategy from the child poverty angle. There will be an opportunity to contribute to the strategy at the next [Community Economic Forum](#) on *Monday, 8th October*, 9.30 – 11.30am. To confirm your attendance on the 8th email Wendy@cnet.org.uk

Alternatively, comments can be made directly to helen.johnston@bradford.gov.uk Policy Officer, Office of the Chief Executive, Bradford Council.

It is intended to keep the strategy under continual review so there is no formal deadline for comments as they will still be used to inform the strategy/actions going forward.

CHILDREN & YOUNG PEOPLE

Prevention and early help

There are major changes ongoing to 0-19 prevention and early help services (including Children's Centres). Most prevention and early help services will be delivered by family hubs in four areas: Bradford East, Bradford West, Bradford South and Shipley & Keighley.

Whilst this has particular relevance to any organisation that focusses on children and young people and families, it is also relevant to organisations that work with the wider community. There will be significant staffing reductions and changes to services offered, but there is also an aspiration to work differently and link in more with community provision.

To find out more visit the [Council's Transforming Prevention and Early Help web page](#) and in particular download the August and September newsletters. The September newsletter indicates some of the new leadership teams and where they will be based.

These changes will therefore be the focus of the [Young Lives Bradford forum](#) on *Prevention and Early Help* on *Thursday, 18th October, 10:00 - 12.30 at Carlisle Business Centre.*

Aligned to these changes is the Tender for 0-19 Public Health services. It is looking for tenders from providers of health services for babies, children and young people to deliver a Public Health 0-19 Children's Service from pre-conception, antenatal, birth, up to 19 years with transitional support for children and young people with Special Educational Needs (SEN) and/or Disabilities (SEND) up to the age of 25 years.

For more details of the tender opportunity sign in to www.yortender.co.uk Ref: 340029

VOLUNTEERING

Case Study: Befriending

My name is Lindsay; I work as a research scientist at the University of Leeds. My work involves studying showers and thunderstorms, making observations of how they evolve and produce rainfall. Through a better understanding of how they work, we can hopefully improve the forecasts. Outside of work, I really enjoy walking, nature and wildlife. There are so many beautiful areas right on our doorstep.

I volunteered to be a befriender for several reasons. I had an elderly grandmother myself, but wasn't able to visit as frequently as I would have liked, but was aware of the issues associated with elderly people living alone. I saw Esther Rantzen's TV campaign launching the Silver Line service, a telephone helpline for the elderly to tackle loneliness, and it motivated me to look at opportunities in my local community. I wanted to be able to contribute to my community and do something positive for others. I contacted Joy at Community Action and was introduced to the Befriending Scheme.

I have been a Befriender for 4 years now, am currently visiting my third lady and I look forward to our time together each week. We go for local walks when the weather is good, or sit and have a catch up over a brew. If you can spare an hour a week, which is only a small time commitment but has huge benefits, I really recommend getting involved as it has been such a positive experience for me.

COMMUNITY SHOWCASE

Each edition we will be sharing insights into community groups and organisations across the District. This edition we are talking to **Ilkley & District Good Neighbours**.

Ilkley & District are hosting their popular, annual over 90's party on Saturday 29th Sept in Ilkley. See below for more details about how to support this event and the other activities that Ilkley & District Good Neighbours run.

What does Ilkley & District Good Neighbours do?

The charity supports old people who are living independently in Ilkley and Wharfedale. We offer a variety of social and practical support designed to alleviate loneliness

Why it was founded?

The organisation was first set up in the 1970's, it's a small trustee led charity supporting older people who are living independently, and it was set up to support and enable people to be an active part of society.

Tell us about the activities you deliver.

We can help with shopping, offer befriending, and can do small home maintenance jobs. In addition, we run an annual party for the over 90's. We also have a Christmas parcel scheme, a weekly meeting group and social events. We offer these services to older and disabled people living independently in the Ilkley District over the age of 60.

What you most are proud of?

We run the service almost entirely with volunteers, with 3 part time members of staff and costs are kept to a minimum to enable the service to run.

Who else do you involve in your work?

With the over 90's party we collaborate with lots of organisations such as Community Action, Ilkley Rotary Club, Ilkley Air Cadets and Ilkley Grammar School. We all come together to help out on the day.

What help could others provide to Ilkley & District Good Neighbours?

Our greatest challenge moving forward is the sustainability of the funding that keeps our activities running; our befriending scheme is currently funded by Bradford Council Wellbeing Fund and this is coming to a close on 31st March 2019. We have applied to the council to continue the funding and are awaiting the outcome.

Others could help us by offering small donations, whilst businesses could support through their CSR activities and people could volunteer their time to sustain these services.

RESOURCES

The Social Value Self-Assessment Tool is designed to help users judge how well they are measuring and reporting on their social value; created in collaboration with our members [Hall Aitken](#). The tool is comprised of a seven stage questionnaire, illustrating areas of strength and areas for improvement.

By using the self-assessment tool you can:

- Fully explore the benefits of the Social Value Principles
- Get advice on what to do next
- Get an accurate baseline of how good your social value measurement practices are
- High scoring users can then use their score to guide them towards applying for assurance and accreditation
- Judge your readiness for Social Value Certificate application

The tool provides guidance, support and more advice to people who want to improve the way in which their organisation measures their social value and assesses their service delivery. To access the tool, users can create an account and sign up for free [here](#).

The Charities Aid Foundation has produced a fundraising guide aimed at small and medium sized charities to help them develop their strategies and campaigns.

Its Fundraising Fundamentals toolkit features "invaluable information for new and established charity fundraisers". It covers areas including getting started, multichannel fundraising, and knowing and retaining donors.

The toolkit includes "practical hints and tips, how to guides, case studies and downloadable infographics".

The Fundraising Fundamentals guide is available on CAF's [website](#)

Here at People First Keighley and Craven we are pleased to share with you our very exciting new service: [Real Talk Radio](#)!

[Real Talk Radio](#) is our very own radio show, produced by our members at our brand new studio on Thursdays and Fridays from 09:00-15:00 every week, and we want new members to get involved to help us take [Real Talk Radio](#) to the next level!

At [Real Talk Radio](#) we feel that the issues and interests of our members can often be ignored by the mainstream media, so we aim to educate, inform and entertain, by interviewing interesting members of our community, talking about things that matter to us, and playing great music. We give a voice to our young members with learning disabilities, and we have fun while we do it!

There are many different ways to get involved at [Real Talk Radio](#), from picking the music that we play, to interviewing our guests to discussing issues that matter to you and our members, but don't worry, you don't have to talk on the radio unless you want to!

We are recruiting people with learning disabilities, those on the Autistic spectrum and people with a supported mental health issue to join our group. The cost for the full day, 9:00Am – 15:00pm, will be £48.

If you know anyone who might be interested in being involved at [Real Talk Radio](#), please pass this on and get in touch for more information.
